Press Release

MC00002-05

OTSFF Motorsports is passionate about MX racing and believes the program they have put together to run the Suzuki Factory Team will bring recognition to Suzuki dealers across Canada. This Suzuki team will also have regional support from 3 dealers across Canada.

In the West - **Battleford Supercycle**, Central Canada - **Two Wheel Motorsports** and in the East - **Sport Plus**.

We believe that integrating dealers into the team is the foundation to succeed on brand awareness and building sales in our dealerships.

Team Suzuki will be the only full 4-stroke factory team on the MX 1 circuit riding the new Suzuki RM-Z450. Motocross Specialist, Ron Ashley will fill the roll of Team and Rider Manager. Ron's expertise and experience should secure the energies needed to stay up front in 2005.
